

Bunny From A Square

Credit for this goes to someone in Japan. No further information was available.

How cute is this easy to make bunny using a single knit square.
Perfect for beginners and children. Use a pom-pom to make the tail.
Cast on 30 stitches and knit in garter (plain knit stitch) until it makes a square.

Video Tutorial on YouTube with Studio Knit >> <https://youtu.be/s6Kgi6ns38c>
